

Meet **Yodel**

Self-Service Parking Platform

Save time and money while improving customer service with a simple, safe and secure platform trusted nationwide.

When you're on the go, Yodel makes it easy to find and pay for parking without running back to feed the meter. Even better, you can reserve spots ahead of time.

Whether you've got a garage to fill or you're managing parking for a big event **Yodel** can help.

Customization

Supports all forms of parking. Prepay and Park, Park and Pay as well as Pay by plate.

License Plate Recognition

Built in LPR to validate payment status of vehicles.

Memberships

Supports memberships and any parking pass types you support.
